HEAT TRANSFERS

Beyond Printing.

Heat-transfers produced by state-of-the-art technologies achieving the highest level. Water based, sustainable, environmentally responsible and certified by several norms like "Oeko-Tex standard 100 level 1" and complying with main brands requirements.

Wide and demanding characteristics. High elasticity, fastness on colors, anti-migration, resistance to strong washings, compatibility with coated materials like rainwear, heat and flame resistance, certifications for industrial washings, motorsports, etc.

Technical offer for different uses.

PRODUCTS

SPONSORS

Deserved visibility.

Single, multicoloured or in high definition, sponsors logos must have deserved visibility.

Fast production. Stocking and handling with IFC partners proximity services.

Capacity to deliver in time.

NAMES & NUMBERS

Beautifully easy to apply and performing.

Smooth, resistant and with anti-migration properties.

Special effects and designs available.

N&N must look perfect on the team or supporters jerseys.

Made to last.

PRODUCTS

LICENSING

Empowering bonds.

Depending on each case a licensing agreement can be the way of co-operating.

Our unique partnerships reinforce our customers identity.

From N&N to Merchandising.

MERCHANDISING

Developing business.

For brands who want to create a new business or improve existing one. We can be the right partner to add differentiation on products and services.

As a product or service provider.

IDENTITY FC®

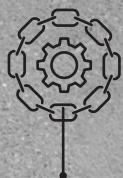

NEXT GENERATION MERCHANDISING

CASE STUDY

ECOLOGICAL DESIGN

Following merchandise trends, we offer solutions made from sustainable materials.

From lanyards made with organic cotton or recycled polyester to notebooks, wristbands and lanyards made with a biodegradable composition.

EXCELLENCE IN PRODUCTION

As a textile manufacturer, we design and produce many promotional products in-house.

Our experience and passion for the sector are reflected in technical procedures developed over the years.

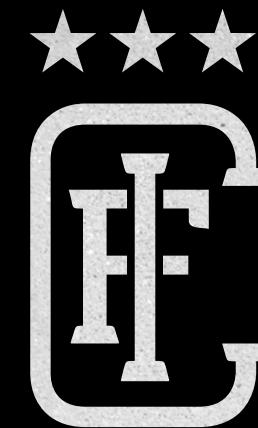

DESIGN YOUR IDEA

Do you have a unique idea?

Create your lanyard.

Choose the length of the lanyard, the diameter and pattern of the tube, the elastic, the tag and the accessory.

Let your imagination run wild.

IDENTITY FC®

TEXTILE PERSONALIZATION

Production, application, and marketing of a range of textiles (T-shirts, caps, sweatshirts, bags, balls, etc.).

Development of textile projects with certified sustainable materials, made in Portugal.

In-house production of heat transfers, textile labels, and ribbons combined with printing techniques such as direct printing and sublimation with industrial capacity.

Ease of customization and handling for processing and packaging.

PRODUCTS

SCARVES

High definition sublimation scarf.

Lightweight, easy to carry, soft, cool and comfortable fabric.

Full-color customization with vibrant sublimation printing.

A fun and stylish way to promote a brand and show support.

FF **IDENTITY FC**®
